

OUR ERASMUS+ PROJECTS

"Creativity, critical thinking, curiosity and collaboration are just some of this project aims"

"Due to COVID-19 emergency unfortunately our project hasn't started yet. But we hope to start this experience characterized by very important aims, soon"

"Cooperation between schools and support real-life relationships and activities are some of this project aims."

"C.I.R.C.E. unites the main cultures that gave birth to the European people: Romans, Greeks, Ottomans, Saxons, Vikings and Scandinavian tribes represent the protagonists who, all along the history of the continent, have more influenced in shaping the cultural, urban planning and the social dynamics that govern European society today."

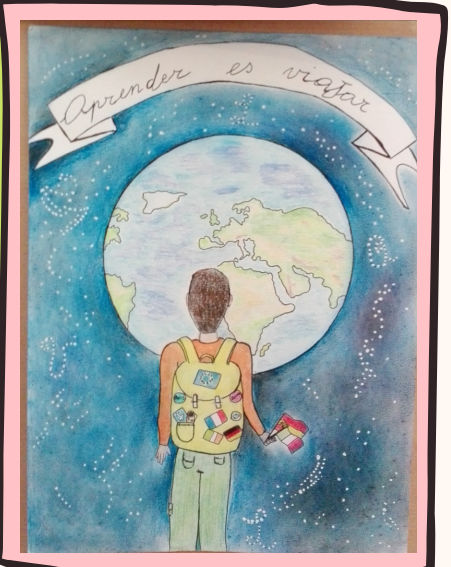

"The project aims at enhancing the Religious Heritage and its impact on society at local/national/European level."

"The Mainland of Tolerance focuses on inclusion, tolerance and respect among everyone."

T.W.I.N.N.E.D.
 "Teachers Empowerment on methodological Innovation and Internationalization for a modern education."

"This is a project against every type of addictions. It is the only one in French language, too."
